THE LOYAL T. GRAHAM.

A Hospital for Greensboro's Colored Citizens.

The hospital for the colored people of Greensboro has now reached that point where it is only a question of time until the institution will be open to receive patients. The opening of this hospital will make an advance in the treatment of disease among the colored people of the city and its influence in adding to the general health will be noticeable.

Below we present an outline of the plans and a statement of work accomplished toward perfecting this new enterprise. The communication is from Rev. S. S. Sevier, pastor of the congregational church, who is intrusted with the securing of funds and management. He deserves great credit for the faithful work he has performed.

"The hospital for the colored people of Greensboro is located in a neat building on a lot 50x165 recently purchased of Mr. Ed. Wharton and deeded to a board of trustees. The institution will be known as The Loyal T. Graham Hospital for the negro. The building is in course of preparation for the reception of inmates and will be in condition by October 1st. There will be two wards in the building—one for males and the other for females. Each ward will contain three beds, together with a free bed. One of the beds has already been endowed by a generous Christian lady of Philadelphia. A trained nurse from one of the best northern hospitals will be placed in full charge."

This institution deserves and will, no doubt, secure liberal donations from people of all classes. An appeal is made to all to help this worthy cause.

Drugs to Be Advanced.

The local druggists in their meeting of yesterday decided to advance the prices of certain proprietary medicines owing to the war tax and of some drugs influenced by the tax or the increased demand for them, owing to their consumption as war supplies. All proprietary medicines now sold below the regular published prices of the manufacturers will be advanced to such prices while some will continue to be sold at the old prices. Some drugs like sulphur, which is used so largely in the manufacture of explosives, and some in demand in the surgical department of the army will also be advanced. The new scale of prices will go into effect on and after July the first. This action it is thought will equitably distribute the burdens of the war tax as between dealer and consumer.

Of Interest to Cyclists.

Work is progressing rapidly and satisfactorily for the road race on the Fourth and it now seems that the race will be a success. The road will be in good shape and free from all vehicles and other obstructions. The race will begin at 5 o'clock, immediately following the boys contest. Some interest is manifested by cyclists in other towns throughout the state and Mr. Wingate is hopeful that a large number of riders will send in their names. The admission fee for each contestant is fifty cents.

A Great Game.

The attention of sporting editors who would know how a game of base ball should be reported is respectfully called to the following, printed as handed in:

The game of base ball yesterday between Winston V. S. Greensboro. was very interesting game the score was six six Greensboro would had win all of the players would had win all of the players except two had wagon wheel in their hand One player lost a dimmon out his ring a player will soon be offer son. Various Expounders.

Maj. Chas. M. Stedman and Col. Jno. A. Barringer, two veteran expounders of the law left this morning for Gibsonville where Major Stedman will prosecute a colored expounder of the gospel for beating a woman. Col. Barringer will uphold the gospel expounder and show his honor, the justice, that the woman needed the whipping, that the Reverend gentleman did not whip her or that moral sanction was wholly inadequate to the demands of the case.

In Good Health.

Surgeon Brooks, of the Second Regiment, says: "We have now only thirty cases in the hospital, about half of measles. One case of insanity has developed. It is the second. The first was transferred to the asylum here. That was of a man named Kennedy, from Charlotte. Private Abell, of the Nantahala company, who has meningitis, is much better."—Col. Olds.

CAPTAIN SIGSBEE'S REVENGE.

The St. Paul Puts The Terror Hors de Combat.

WATSON'S WORK CUT OUT.

He Has Gone to Get His Squadron. Will Miles Take Charge of Operations at Santiago?

By Wire to THE TELEGRAM.

Washington, June 28—Captain Sigbee, of the auxiliary cruiser St. Paul, reports an attack on his vessel by an unprotected Spanish cruiser and the torpedo destroyer Terror last Wednesday afternoon off San Juan de Puerto Rico. The Terror made a dash for the American boat. The St. Paul quietly awaited her approach and when the Terror was in good range opened fire. The Terror was hit three times, an officer and two men were killed and three wounded. The Terror dropped back under cover of the fortifications making the trip with great difficulty. She was later towed into the harbor in a sinking condition and is now being repaired at San Juan.

WATSON'S CAMPAIGN.

Washington, June 28—It has been decided that Commodore Watson's first objective point will be the Canary Islands where he will seize a base for supplies. Having secured this he will then proceed to the coast of Spain and bombard Ferrol, Cartagena, and Barcelona, where ship yards are located. Should the Spanish government recall Admiral Camara, who is at the Suez Canal, a great naval engagement will take place in Spanish waters. His fleet will be eventually reinforced by the Brooklyn, Indiana, Columbia, St. Paul, St. Louis, and Minneapolis.

FLEET READY.

New York, June 28—Commodore Watson sailed on the Newark today for Santiago. His orders are imperative and he has been informed that he will find his squadron ready for him off the Cuban coast.

MILES WILL GO TO CUBA.

Washington, June 28—Secretary Alger officially announced this morning that General Miles would command the next expedition to be sent to Santiago.

SET-BACK FOR MILES.

Washington, June 28—It is stated on the best of authority that President McKinley after careful consideration has decided not to grant the request of Major-General Miles that he be sent to Santiago. In the judgment of the president General Shafter is entitled to all the credit that may result from the Santiago campaign. The honor of directing American operations before that city is naturally coveted for the reason that like Dewey's achievement at Manila, it may result in substantial promotion for the officer highest in command. General Miles however will soon leave on a tour of inspection and will eventually see Porto Rico.

FOURTH MANILA.

San Francisco, June 28—General Otis is busy with the reorganization of the troops remaining here into a fourth expedition to be sent to Manila. The expedition will probably consist of six thousand troops under the command of Otis and it is thought will be ready to sail not later than July the ninth.

Special Train to Raleigh.

To the vestibule from the north this morning was attached the private car of third vice-president Finley, of the Southern. The car was immediately attached to a special train for Raleigh. The railroad commissioners met today and this fact very probably accounts for Mr. Finley's haste to reach the capital city.

Thinks It Is All a Bluff.

London, June 28—The Washington correspondent of the Daily Chronicle says: "Spain is to be frightened into making peace. That is the meaning of the theatrical announcement of the Americans that a squadron is going to Spain, announcement for which the navy department, contrary to its custom, has sought the widest publicity. President McKinley sincerely hopes the fleet will never sail."

\$1,000 for Making the Medals.

Washington, June 27—After the president's message in regard to Lieutenant Newcomb and Captain Hodgson was received in the senate today, Senator Frye introduced a bill prepared at the navy department carrying the president's recommendations into effect. The resolution appropriates \$1,000 for the manufacture of medals.

Palmetto Coons Not Wanted.

K. L. Vernon, of the Southern railway, tonight showed the Adjutant General a telegram from the station agent at Charlotte saying that 75 of Gray Toole's Charlotte negro company were at Rock Hill, S. C., and that Toole wanted to know if he could get transportation for this 75 to Charlotte and thence to Fort Macon. The Adjutant General was very indignant at this effort to import South Carolinians. He sent the following telegram to Toole:

"I understand 75 of your men are in Rock Hill. As we do not want any soldiers from South Carolina, I have deducted 75 from your 109. You can bring only 40, and I will get you 75 from this state for your company." The Adjutant General says he will divide this 75 between two other towns. Toole is knocked out as captain.

Charles A. Cook says tonight that he certainly has a brigadier general's place.—Col. Olds correspondence.

Sale of the Prize Ships.

Key West, June 27—A vessel carrying mail for the soldiers and sailors engaged in the Cuban campaign left here this afternoon, and a vessel bringing the first mail from the army is supposed to be on the way to Key West.

The auction sale of the prizes condemned by order of Judge Locke began at noon today. These sales were made: The Severita, \$1,350; Santiago Apostol, \$2,700; Fernandita, \$500; Espana, \$3,400; Podri de Posi, \$1,010; Antonio Saurez, \$1,200; Orient, \$350; Quatro de Setiembre, \$470; Antonio y Paeo, \$1,910; Lola, \$800; Engracia, \$1,000; Parquitta, \$490; Mascota, \$360; Tres Hermanos, \$375; Pinerio, \$1,070; Sofia, \$1,550; Mathilde, \$1,600; Candita, \$950.

Colored Trick Rider Coming.

William Lindsay, the much talked of colored bicycle rider of Greensboro, will be here on July 4th, to take part in the big celebration at Latta Park. The regular races are expected to be good.

On that day at the park six colored boys are to chase a pig with greased tail. The boy that catches the pig will keep it as a prize.—Charlotte Observer.

The adjutant general says the negro regiment will have two majors, and that he will recommend Captain C. S. L. A. Taylor for lieutenant colonel. He has no doubt of his getting that commission.

MILES ISSUES NEW ORDERS

Only Regulation Colors Will be Allowed in the Army.

CAMARA IS SQUELCHED AGAIN

Not Permitted to Embark Stokers—The Yalc Arrives—The Panther Back at New York

By Wire to THE TELEGRAM.

Washington, June 28—Gen. Miles issued an order this morning to commanders of volunteer regiments to report promptly appointments of adjutants and quartermasters. The appointments will not be antedated and officers will be entitled to pay only from the date of assuming duties. He also issued an order adding the following to the army regulations:

No ensign, streamer, pennant or other banner of any kind whatsoever other than the flag, colors, standards, pennants and guidons prescribed by the army regulations will be used in the army, or any regiment or other organization thereof.

BLOCKADE PROCLAIMED.

Washington, June 28—President McKinley issued a proclamation this morning declaring a blockade of all ports on the southern coast of Cuba and also of San Juan de Puerto Rico.

IN FOR SUPPLIES.

New York, June 28—The troop ship Panther, which has the honor of landing the first American troops on Cuban soil, arrived in this port this morning. This is the first port she has visited outside of Cuba since she landed the first marines at Guantanamo bay. It is believed she is here for supplies.

SUPPLIES FOR OUR TROOPS.

Baigudi, Cuba, June 28—The auxiliary cruiser Yalc arrived this morning with large quantities of ammunition and supplies for the American troops.

CAMARAS REQUESTS REFUSED.

Cairo, June 28—Admiral Camara has been informed by the Egyptian government that it would be a violation of its neutrality laws to allow him embark stoker's whom Spain had previously engaged at Port Said for the Spanish fleet. Accordingly the authorities have been notified to see that no men go aboard the ships. Camara has signified his intention to remain at Port Said for three days to repair the machinery on his vessels.

Fish's Body Asked For.

By Wire to THE TELEGRAM.

Washington, June 28—Nicholas Fish, the father of Hamilton Fish, Jr., who was prominent in New York society, called on the secretary of the navy at noon today and requested that the side arms and body of his son be sent north for burial.

The Negro Regiment.

It seems that the government wants to get the negro regiment, which will be the Third, in service as quickly as possible. It is said it will be quickly sent to Florida, no doubt to Tampa or Key West. The adjutant general made this remark today about the desire for speedy mobilization. He telegraphed for the contingents of the regiment at Asheville, Rutherfordton, Statesville, Maxton, Charlotte, Winston, Greensboro, and Durham to rendezvous at Fort Macon Thursday. These aggregate 550. The other 500 ordered to rendezvous there Saturday next. Out of the 1,050, 863 men are necessary to complete the regiment. This will give a margin of nearly 200 for rejections by the surgeons.—Col. Olds.

Smallpox in Catawba.

Newton, June 27—A family of negroes in the eastern part of the county were suspected of having smallpox. The case was reported to the county health authorities, who at once procured Dr. H. F. Long, of Statesville, to make an examination. He reports five patients in this family as undoubtedly having smallpox in its different stages, though it is of a mild form. The report also shows that it came to this family through the same negro who spread the disease at Statesville and Belmont, he having stayed all night at this house about five weeks ago.

These parties infected are now quarantined, and it is hoped the disease will be checked.—Charlotte Observer.

Commissioners Meeting.

There will be a regular meeting of the board of county commissioners on Tuesday July 5th. The first Monday is the regular meeting day but the Tuesday following has been selected since Monday is a legal holiday.

No Small Pox in Reidsville.

Special to the Telegram.

Reidsville, June 28—The excitement over the alleged case of small pox in town has subsided as the negro who was suspected of having the dreaded disease is well. It is not probable that the order for a general vaccination will be enforced as the negro is up and walking about. The government expert who was telegraphed for is not needed and the request for an expert will not be repeated.

Japan's New Cabinet.

By Cable to THE TELEGRAM.

Yokohama, Japan, June 28—Okuma Stogaki has been charged with the task of forming a new cabinet. This will be the first party cabinet in the history of Japan. The resignations of the ministers of marine and war have not been accepted and they will remain at their posts.

Martial Law Proclaimed.

By Cable to THE TELEGRAM.

Vienna, June 28—Advices state that martial law has been proclaimed at Limanowa and Neu Sandee. This step was taken in consequence of frequent cases of robbery, murder and incendiarism which the civil authorities could not suppress.

By Royal Decree.

By Cable to THE TELEGRAM.

Budapest, Hungary, June 28—A royal decree has just been issued proroguing both houses of the Hungarian diet until the fifth of September.

Let the Sage of Cherryville dip his pen in the flaming caldron of thought and blaze a few fresh gems of political philosophy athwart the azure ether. There are yet other thinkers grasping for his laurels. Brother J. P. Tingen, of Ai, N. C., writes:

Citizens, remember, that in recent years, it is not as it was in the days of Washington, Jefferson and other God fearing men who ruled in righteousness. Think just for a moment, that we laborers of America have the power in our hands to rid ourselves of the ravenous vampires who are sucking our life blood.

Ah, Brother Tingen, Brother Tingen we opine that you are dead right. We recall distinctly the days you mention. The souls of many of us thrill yet when we remember the figure of Jefferson riding to the inauguration on horseback and dodging the trolley cars as was the duty of a true patriot. But say, Brother Tingen, we never heard 'em called vampires before.

Americans are greatly obliged to the enemy for complementary references as to fighting qualities and the boys at Santiago will doubtless "strive to merit a continuance of the same."

The tendency of the volunteer troops is to eat too much.—Col. Olds.

A paternal government seems to have been apprised of the tendency.

And after all, was Judge Clark the right passenger?

That Camara is going to the Philippines appears almost too absurd to be seriously considered. The squadron with which he is accredited could hardly expect a more favorable rate than that meted out to the ships under Montojo. Long before he can reach Manila that city will be in possession of the Americans, and the shore and mine defenses in readiness to assist Dewey's reinforced squadron, while the coast cities of Spain will be exposed to bombardment and her commerce swept from the seas. It is probable that the move is only more playing to the galleries of a sort that Sagasta understands perfectly. There are plenty of graves but no glory awaiting Camara's sailors, at Manila.

As members of the legislature are to be elected this year we trust that it will not be out of order to utter a few words of warning. By all means select good men. Don't select men who can be controlled by corporations, and don't select men who are too "conservative." They are always dangerous. Beware of the demagogue.—Progressive Farmer.

A few words of warning will always be gratefully received. Just how the voter is to steer himself by the few words volunteered so graciously is not very apparent. It is easy to steer clear of the conservative man because he usually minds his own business but to avoid the demagogue is equivalent to bolting the populist party.

If the date lines of despatches continue to grow in length it will soon be necessary to issue supplements to get in the news.

General Shafter does not appear to regard the cable office at Calimanager as the most important part of his equipment for the Santiago campaign.

The smashing of troop trains and killing of troops goes on with monotonous regularity. They all seem to be run "regardless," in despatcher lingo, but regardless of the safety of the occupants.

Talk of celebrating "the glorious Fourth" all over the south while the United States government is publishing monthly large volumes of the great war between the states, and putting on them in large letters—"War of the Rebellion." While that is going on and endorsed by the congress and the northern people, no self-respecting southerner should make himself hoarse with shouting about the Fourth of July or a game of hugging and kissing.—Wilmington Messenger.

With all due respect to the venerable and scholarly editor of the Messenger we fail to see wherein the south should abstain from celebrating the Fourth of July because the late war is termed the 'Rebellion.' The late war cannot deprive the south of the glory won in the war for American independence nor rob her of the fruits of that struggle. Independence was conceived in the minds of southern statesmen and gained under the guidance of southern generalship. The south rather than the north, therefore, should take the lead in celebrating the day. The south has remained true always to first ideals and should not be piqued into slighting the anniversary of their promulgation by southerners.

The mathematical genius of some esteemed contemporaries seems to be occupied in counting the cost of the war and in balancing gains against expenditures. The hour is somewhat late for this diversion. Being in it is not a question of counting costs. That came before. The main point now is to lick them speedily, thoroughly and with as small a loss of life as possible. Whatever the cost may be the American people will have it to pay and will pay it.

How Hanna Got The Funds.
A New York correspondent writes: Without Hanna it would probably have been impossible for the republicans to raise the biggest fund ever used in a political campaign—a fund which they say was used for educational purposes only. In the raising of that fund Mr. Hanna came to New York, and stopping at the Waldorf, sent for the richest and most influential men in New York and told each of them what his assessment was. In almost every case it was paid without a murmur. A man who was present at the meeting of Mr. Hanna with the late George Pullman tells me that Mr. Hanna showed a rare gift of repartee. "You must be having a hard time," said Mr. Pullman. "You have my warmest sympathy." "I don't want your sympathy, Mr. Pullman," said the chairman of the republican national committee, "I want your check." And he got it.

Electric Lines in Cuba.
An article in the Street Railway Review calls attention to the remarkable opening for electric railways in Cuba. At present no electric roads exist in Cuba, but there is a very large amount of travel on the various coasting steamers, on the vessels running up the small rivers and on the railroads and on the few 'busses' that run to the suburbs of the larger towns. The conveyances are generally overcrowded, notwithstanding that exorbitant rates are charged.

The Soldiers' Farewell.
The colored volunteer company of Greensboro will hold a farewell meet in the court house tonight at 8:30 o'clock. A number of addresses will be delivered and patriotism will be out in full dress. Everybody is invited and a special request is made for the presence of the ladies.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. MRS. JOE PERSON.
Dear Madam—About the last of December there appeared something like heat on our baby's face. On the fourth Sunday in January his face and head were filled with running sores and he suffered severely. We were satisfied the dreadful disease was eczema. On the above mentioned day Rev. K. D. Holmes and Mr. Herbert E. Cross recommended that in the highest terms, Mrs. Joe Person's Remedy. With the great confidence we had in these gentlemen, we proceeded at once to use it. Two months later, the fourth Sunday in March, Rev. Mr. Holmes saw the same child and could scarcely recognize him. The child is seven months old, his face is well, and there are only slight signs of the disease about his head. He is the picture of health and is hearty and strong. We gladly recommend Mrs. Joe Person's Remedy for all forms of eczema, and think that it is the best blood purifier on the market. With best wishes, I am,
Your friend,

THE SELFISH WOMAN.

A TRICK THAT ENRAGED HER SLEEPING CAR COMPANIONS.

She Emerged the Pink of Perfection, While the Other Women Barely Managed to Get Their Hats on Straight Before Leaving.

A sleeping car which arrived in New York numbered eight women among its passengers, and one of them displayed wisdom which made the other seven her enemies. She was a prim looking, middle aged woman, and she had attracted attention the previous night by the businesslike way in which she ordered her supper. It was evident that she had traveled on a sleeping car before and from their nervousness it was quite clear that the other women were novices in night traveling and that they were anticipating great discomforts. It was not until the morning, however, that the wise woman proved her wisdom as well as her selfishness.

Two hours before the train was due in New York she left her berth and disappeared in the end of the car. This sleeping car, like others of its class, had four wash bowls for men and only one wash bowl for women, in a room so small that two women could not stand in it at the same time. Half an hour after the wise woman arose the other women in the car began to stir around and four of them went at the same time to complete their toilets. The wise woman still occupied the room and they sat down to wait. Half an hour passed and still the wise woman didn't appear. The men in the car had become interested in the comedy, which promised to develop into a tragedy. They had already completed their toilets without interfering with one another.

"This is an imposition," said a big woman whose hair was disorderly, "and I am going to investigate."

She disappeared, and the other passengers heard her voice, first mild and then loud and angry, but the responses of the wise woman could not be heard.

"What do you suppose that creature is doing," said the big woman, when she returned. "Why, I never heard anything like it. Here we are within an hour of New York and not one of us has had an opportunity to wash her face and that woman inside has a little alcohol lamp going and she is deliberately curling her hair. She should have some sense of decency. I'm sure she is old enough."

This information cast the other women into the depths of despair, and as the train sped on one of them, the youngest woman in the car, began to cry. Her woe was greater than that of the others because a certain young man had promised to meet her at the station, and she would not have him see her as she then looked for the whole railroad. The men in the car evidently thought that she was good to look at just as she was, but none of them knew her, and this information could not be conveyed to her. A delegation of two women was sent to compromise with the wise one who was curling her hair, and they returned in disgust.

"She says that she is going to complete her toilet before she comes out," said one of them. "She is curling her hair all over. I asked her if she wouldn't please just curl it in front and then put her hat on. The rest wouldn't show, you know. She said she would attend to the curling without any assistance from me. This is simply dreadful. I'll never ride in a sleeping car again. It is an imposition to have only a little bit of a cubby hole reserved for women, while the men have all the room they need. I'm going to sue the road."

An indignant discussion followed, and just as the train was pulling into New York the wise woman made her appearance. Conscious that not a single flaw could be found in her toilet, she ignored the angry glances of the other women. It was too late for them to make elaborate toilets, and the men withdrew from the smoking room, so that they might at least use the mirrors to set their hats on straight. They trailed after the wise woman as she left the car, and if angry glances could have stabbed her she would have become a corner's case right on the platform.

"This isn't the first time that I have seen such an exhibition," said a commercial traveler who had been in the car, "and really I don't blame the wise woman at all. She simply showed her experience. The fault is in the construction of the car, and it is a shortsighted policy to make them so inconvenient for women. It takes a woman longer to dress than a man, and I believe that if the car builders would sacrifice the space occupied by a section or two and put in wash bowls for women more women would be willing to ride in sleeping cars. As it is, the average woman would rather stay at home than make a trip that involved a night ride."

—New York Sun.

Made Sure It Was Used.

An old farmer and his wife, noted for their niggardliness, had a custom of allowing the servant only one match to light the fire with each morning.

One morning the match failed to kindle, so the servant went to their bedroom door and asked for another one.

A whispered consultation was held between the two; and then audibly the wife said:

"Will you risk her wif' another one, John?"

"I doot we'll hae too risk her, Janet," replied John, "but be sure an seek a sight o' the one she got last night."

—London Answers.

Sympathetic.

"Do you suppose Mrs. Manywed really loves her lawyer admirer?"

"In a way, yes. You see, he secured all her divorces for her, and he's a sort of a connecting link with the past."

General News in a Nutshell.

Wm. Blake's original drawings to illustrate Young's "Night Thoughts," nearly 500 in number, have been discovered in a London lumber room, and will soon be offered for sale.

Bjorne Bjornson, Bjornstjerne Bjornson's son, who is an actor and stage manager, has been appointed director of the new theatre at Christiania. In the opinion of the New York Sun his name is a shade less awful than his father's.

Munka-sy, whose real name is Lieb, has been declared insane officially by a Paris court and his wife appointed guardian of his property. The pictures in his Paris studio were sold recently, the highest price obtained being \$3,000 for an "Ecce Homo."

Mr. Gladstone was one of the few men who, not being Frenchmen, occupied the position of members of the Institute of France. Of the only four persons now living who can claim the same distinction one is the great orator and leader of the Spanish Republican party, Emilio Castelar.

Simultaneous balloon observations were made throughout Europe on June 8 in accordance with arrangements made at a recent aeronauts' conference at Strassburg. Three balloons were sent up from Paris, five from Vienna and others from Berlin, Munich, Strassburg, Warsaw, Brussels and Rome.

A papyrus written in Coptic and Greek, probably for school purposes, has been discovered by Signor Maruchini in the Egyptian museum at the Vatican. The fragments contain Greek philosophical maxims with a translation in Coptic joined to each one. Prof. Krall of Vienna believes that the papyrus belongs to the fifth century after Christ and is the oldest specimen of Coptic discovered hitherto.

A peasant family, which has been collecting books on its farm for over 300 years, has been discovered in the parish of Hesselingen in Germany. The books are on all possible subjects, the oldest being a "Muscovite History," printed in 1563. A curious fact about the family is that its members have always remained peasants, none having tried to change his station, even to become a village schoolteacher.

Trains are to cross the English Channel without a bridge or a tunnel, if a recently proposed scheme can be made to work. It is to build a submarine track 100 feet wide along the bottom from Dover to Calais, and to run a kind of tower upon it by electricity. The top of the tower would be a platform 500 feet long by 50 feet wide. A little railroad on this principle running between Brighton and Rottingdean has been wrecked more than once by storms. The estimated cost is \$70,000,000.

A very lively contest for the governorship is thought probable in New Jersey this year when a successor to Gov. Voorhees is to be elected. Mr. Voorhees is at present filling the vacancy caused by the promotion of Gov. Griggs to a post in President McKinley's cabinet as attorney-general. New Jersey, traditionally a democratic state, seems now to have swung into the republican columns under conditions likely to be enduring.

Jolly Excursionists.

An excursion train loaded to the rails with jolly and enthusiastic pleasure seekers passed through this morning going from Durham to Danville. Two base ball teams were aboard and will play two games of ball today in Danville. This afternoon the two regular teams play a game. A pleasant day is in store for the Durhamites and the people in Danville know well the art of making their guests feel at home.

The Horrors of Nervousness.

Those who are going through the indescribable terrors of this dreadful disease, require no description of the agonies they constantly suffer. But why suffer? Good blood gives good nerves; and

gives good blood. It is a nerve strengthener and restorer, the efficacy of which cannot be over-estimated; when it is learned that its absolute freedom from poisonous drugs or opiates, makes it safe for use in the hands of sick or inexperienced persons, there is an increased appreciation of it. JOHNSTON'S SARSAPARILLA is a specific for impoverished or impotent nerves; it feeds the nervous system to high health, provides for physical and brain endurance, cheerfulness, happiness and energy.

Mrs. W. A. Watson and children returned this morning from a visit to relatives at Lexington. The was accompanied home by her niece Miss Miss Leona Grimes.

Dr. and Mrs. Geo. A. Mebane, of Asheville, have arrived in the city to make their home here. They will make their home at the McAdoo until Dr. Mebane's house is completed.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by C. E. Holton, druggist.

In the election of 1894 the Good Government Clubs, so-called, of the city of New York had a membership of 5,000, and in the year succeeding they polled for their ticket 900 votes. In the year following that the Good Government Clubs went to pieces, and there is now only one of them remaining. Reformers do not stand up well under fire.

and we are expectantly waiting to hear of a great battle, the result of which many think will be practically the end of the war, as We Americans will tolerate no thought but Victory. But while our brave boys wage battles for the freedom of down trodden Cuba, the children at home must be clothed. As the season advances, naturally our profits grow less. We can't sell summer goods in winter, and for that reason if you will give us a call we will make you some interesting prices in **Children's Clothing**. Ages 3 to 16. BRIEF LOCAL MATTERS.

D. H. Collins went to Raleigh today.

R. F. Dalton went to Reidsville today.

Prof. O. W. Carr returned today from a business trip to Atlanta.

Go out on the fourth and cheer our base ball team to victory next Monday.

Miss Lucy Glenn returned home today after an absence of about a week visiting relatives.

Dr. J. J. Bryan has removed his office from the M. P. building to a room over Mr. Farris' drug store.

The first battle of the season between Greensboro and Reidsville base ball teams will take place next Monday.

Messrs. Lee and Henry Smith will leave tomorrow for a six weeks' visit to Burlington and Hillsboro for their health.

A new stock of goods will be on exhibition at Brown's tomorrow. Go and see if you want any of the new goods. See ad on this page.

The George manufacturing company yesterday sent five dozen pairs of hose to Camp Dan Russell as a gift to the soldiers of the second regiment.

This week at Shrier's shoe store will be offered all kinds of bargains in blacks and tans in the newest toes. Read all about it in his new ad.

Don't forget the lawn party tonight on Mr. J. R. Mendenhall's lawn on Asheboro street, given by the young people of the Friends church. Be present and enjoy yourself.

Messrs. W. E. Kyle, of Fayetteville and J. W. Fry, of Greensboro, both of the C. F. & Y. V. railroad, are here to attend the sitting of the railroad commission.—News and Observer.

The Centenary Epworth Leaguers are working hard to make their ice cream supper at Mr. Mendenhall's Thursday night a great success. Nothing will be left undone that can add to the enjoyment of the occasion.

The practice of the fire boys on yesterday evening was very creditable. The boys had had little drill with the new ladder truck as yet and naturally are not quite familiar with it as yet but that is soon remedied. Little time was lost in getting to the top of the building. Quite a crowd gathered to see the firemen work.

Two hundred and twenty-five recruits passed through this morning run as a second section of the vestibule. They were from Reading, Pennsylvania, enroute to Chickamauga and were very raw looking recruits, only a few of them having on uniforms or otherwise displaying any evidence of having been "cooked."

A Big Graderating Klass.

The names of the skollars of Jedediah Bobbins Singin Skule Klass, which will graderate at the Kourt House next Friday nite is these:

The Game of The Fourth.

The first base ball team will put in a solid week of hard practice preparing for their gamewith Reidsville next Monday at the park. The men returned from Concord fully determined to get revenge. They immediately challenged the Reidsville team for a game on the fourth. The boys readily accepted the challenge and a good game is in store for the base ball cranks. The admission will be 25c.

Attention, Baseballists.

We are requested to announce that all the members of the first base ball team are requested to report at the ball park every afternoon this week for practice. The management desires every member present and to put in a week of hard work.

Mr. P. Ketchman of Pike City, Cal., says: "During my brothers late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by C. E. Holton.

Mr. "Johnsing" Off to the Pen.

Mr. Monroe Johnson, colored, left today for Raleigh where he will reside in the future. Mr. Johnson has very few friends here who regret to see him leave. He will be remembered as the gentleman who sometime ago broke into Vanstorsy's clothing store and made a choice selection of everything that could possibly add to the beauty of his personal appearance. He was caught in Alexandria, Va., and brought back here. When tried before Judge Robinson he was sentenced to two years on the county roads. Johnson evidently thought it would be an easy matter to escape from the roads for when the judge had sentenced him he murmured that he would not tarry long. The judge then changed the sentence to three years in the penitentiary at hard work. Johnson is now of the opinion that he will be absent the full length of his sentence. He left here with his arms bound with rope and to make assurance doubly sure the officers placed a pair of cuffs about his dainty wrists.

Square Cotton Bales.

A form of rectangular cotton bale recently adopted by several cotton buyers' associations in Texas is 64 inches long by 24 inches wide. A density of 394 pounds per cubic foot is used against 224 pounds required by the maritime associations; 100 of these bales weigh 56,720 pounds and can be loaded in a standard freight car. The ordinary rate from Galveston to Havre France, is 46 cents, and to Liverpool 37 cents. The rate for the new bales is 28 cents to Havre and 23 cents to Liverpool.

Fire Alarm Test.

The fire alarm system of Greensboro will be tested tomorrow (Wednesday) afternoon. Chief Stone requests us to state that if the bell rings about six o'clock no alarm need be felt as it will merely be a test.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for 20 years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by C. E. Holton.

They Spent Awhile at Home.

Officer Pearce last night arrested two men of Capt. Gray's company who had run away and returned to their homes at Pomona. Their names are Barbee and Brooks. The boys, it seems, had been home and spent awhile and were here expecting to board the 10:50 train for Raleigh of their own accord. They are not termed deserters until absent from camp ten days and if they return before that time will not be court-martialed but simply put on double duty or put in the guard house for awhile. The boys would gladly bear the latter punishment for the sake of returning home and seeing their friends and loved ones if only for a short time. Officer Pearce carried them to Raleigh at 10:50 last night.

until we could fit up our sample room before we invited you to call and inspect our new line of mantels, grates tiles, bath tubs, gas fixtures, etc. It seems, though, that if we wait until everything is ready we shall have to wait forever, as we are constantly getting in new goods, and adding to the completeness and attractiveness of this line. We are now prepared, however, to show you a complete assortment of these goods, and to offer them to you at the lowest prices that have ever been known in Greensboro. You will find our sample room an interesting place to inspect, even though you may not wish to buy. All are cordially invited to call and see our display, which is on the second floor, front, of our store.
